Custom Colors • Your Logo • Completely Free

Professionally Designed Posters

There is no better start to having a successful scientific poster presentation than by using a template that has been designed specifically for you. By using a sharp logo, great color combinations, and a unified design in PowerPoint, both the researcher and their organization are guaranteed to be represented well!

Stand Out From the Crowd

Since each and every template we design is created specifically for your organization, you can be sure that the only posters at your next conference that will look like yours are those from your institution.

Convenient and Secure

Once your templates are completed and have been approved by you we will make them available for download on our website. Since not all organizations want to make their designs public we also offer the option of having a private landing page for your designs.

Free and Easy

As an added incentive for working with MakeSigns.com we do not charge a penny for these services. If you would like to get started, just follow the simple steps listed on the right and we'll get things going right away. Then all you have to do is sit back and wait for the designs to come back for your approval!

E-Mail to Begin!
Will@Graphicsland.com

Easy as 1-2-3

1. Get Permission

To get the process rolling, you will first need to get permission for Graphicsland to create promotional materials in association with your organization and use the logo in our templates. Contact your Office of Public Relations and Marketing or equivalent for this.

2. Find The Logos

Get the official school, department, or organization logos that you'd like on the templates. (Preferably the print version in PDF, EPS, or WMF format, however, high resolution TIFF or JPG are also fine. Many schools have them available for download in the Communications and Marketing section of their website.)

3. Send An E-Mail

Once you've gotten the green light from your organization and acquired your logo, simply send us an e-mail with your logo attached and provide the answers to the questions listed on the back of this page to complete the process.

Custom Templates - Required Information

1. What school, university, or organization are you with?
2. What logos would you like on the templates? (specific departments, affiliations, etc.)
3. Are there any specific themes you'd like to see as the focus of the templates? (physical therapy, dentistry, autism, etc.)
4. Do you have a color preference? (Official school colors in PMS or RGB values are helpful.)
5. What sizes would you like offered?
6. Is there a conference or presentation coming up that you'd like to have the templates for? If so, what is the name and date of the event?

E-Mail

Once you have the answers to all of the above questions make sure to type them up in an e-mail, attach the logo(s), and send them off to will@graphicsland.com

Design Approval

Once we have a few templates designed, we will email them to you for approval. Don't be afraid to let us know of any changes you want; we will keep making revisions until you are happy with your designs. When everything is set and you've given us the go ahead, we will then post the templates online so that everyone at your organization can begin using them immediately.
